

# UDAYA POLYTECHNIC COLLEGE

## INSTITUTION INDUSTRY CELL

An ongoing interaction between the Industry and Institute is an essential one. To strengthen the relationship between industry and our institute, the Industry-Institution Interaction Cell was established which provides an excellent platform for both the students as well as the faculty members to be aware of industry expectations. This enables students to be aware of the lacunae in their skills and provides an opportunity to upgrade them. It also enables Faculty to be aware of industry expectations & train students to meet these expectations.

### RESPONSIBILITIES :

- To give industrial exposure to Faculty members and students, thus enabling them to tune their Knowledge to cope with the industrial culture
- To organize Workshop on trending technologies by experts in the field
- Encouraging Engineers from industries to visit institution to deliver lectures
- To organize industrial visits for Faculty members and students
- To assist the Training and Placement Division
- Memorandum of Understanding between the institute and industries to bring the two sides emotionally and strategically closer
- Visits of faculty to industry for study and discussions or delivering lectures on subjects of mutual interest.
- Industrial training of students in industries
